moving you forward

StyleView Sit-Stand Vertical Lift

- Patented Constant Force™ lift technology provides smooth adjustment while maintaining touch-screen stability
- High-quality construction for long-lasting durability
- Cable management system conceals and organizes cords and makes cleaning a snap
- Sit-stand height-adjustment flexibility improves working comfort and ergonomics; easily accommodates the heights of multiple users

COMPACT ERGONOMICS, EXTREMELY LOW PROFILE.
MOVE THE ENTIRE SYSTEM IN A SINGLE MOTION.

STYLEVIEW™

PATIENT ROOM: A very low-profile workstation that adjusts between sitting and standing working heights: with a storage depth of just 6" (15,2 cm), it is the perfect solution for space-constrained patient rooms. The slide-out, back-tilt keyboard enhances user comfort, while the monitor and keyboard pan capability promotes patient-caregiver interaction.

HIGH TRAFFIC AREA: An ultra low-profile workstation that adjusts between sitting and standing working heights: with a storage depth of just 4" (10,2 cm), it is the perfect solution for space-constrained high-traffic areas and hallways. It includes an auto-retracting tray that returns the keyboard to the storage position when not in use.

StyleView Sit-Stand Vertical Lift

Patient Room

- Side pan of keyboard and display promotes patient-caregiver interaction while accessing data
- With the keyboard folded up, total system depth is as little as 6" (15,2 cm)
- Ergonomic back-tilt keyboard tray with left or right mouse tray ensures wrists remain in a neutral position during data entry
- Monitor pans left/right 50° (varies by size of monitor); keyboard tray pans left/right 120°
- Scanner and mouse holder integrated into the keyboard tray
- Keyboard tray extends out up to 5" (12,7 cm) when in use

High Traffic Area

- With the keyboard folded up, total system depth is as little as 4" (10,2 cm)
- Low profile accommodates stringent regulatory standards relating to depth of wall protrusions; facilitates compliance with The Joint Commission's requirements
- Auto-retracting keyboard tray ensures minimum depth is achieved when system is not in use
- Back-tilt keyboard tray adjustable 0° to -10°
- Integrated cable management system can be configured on either side of chassis
- Easy-to-clean exterior
- Includes handle for adjusting unit height
- Mouse holder integrated into the chassis
